## Section IV. Procedure

### IV.1) Description

#### IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The services can be provided only by a particular economic operator for the following reason:
  - absence of competition for technical reasons

Explanation:

No other reasonable alternative exists for this procurement as Becton Dickinson Dispensing UK Ltd have exclusive rights over the maintenance, updates and licences for this system

which is critical to patient care and service delivery. The replacement of which would require infrastructure, ICT and validation work that would result in significant disruption and

disproportionate technical difficulties that would impact on the Trusts ability to deliver a Pharmacy dispensing service. The absence of competition is not a result of the artificial narrowing of the parameters of the procurement. This is an interim measure, a tender process was unsuccessful and the wider market will be consulted again when this is retendered.

#### IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes
