I.6) Main activity

Electricity

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Shetland Standby Solution

II.1.2) Main CPV code

- 65300000 - Electricity distribution and related services

II.1.3) Type of contract

Services

II.1.4) Short description

The provision of innovative fault ride through / island mode stability / fast response (hereafter referred to as 'Standby') services or equipment by November 2024 to provide continued security of supply to homes and businesses on the islands in the event of

planned or unplanned outages on the transmission link.

When the Transmission Link is unavailable incorporating both the subsea link and wider transmission network, due to outages or faults, it will be necessary for Scottish Hydro Electric Power Distribution PLC (SHEPD) to provide a reliable standby supply for Shetland. SHEPD intends to convert the existing Lerwick Power Station (LPS) to operate in standby mode, capable of being started and generating power to Shetland within 30-60 minutes. There will be a requirement for additional standby equipment and/or services to provide the energy, stability and voltage support to SHEPD's Shetland network until LPS generators can be started and supplying customers.

SHEPD now wishes to pre-qualify suitable suppliers to provide Standby equipment or services

II.1.6) Information about lots

This contract is divided into lots: Yes

Tenders may be submitted for all lots

II.2) Description

II.2.1) Title

Service for Fast Response/Standby (Energy Storage)

Lot No

1

II.2.2) Additional CPV code(s)

- 09310000 - Electricity
- 31000000 - Electrical machinery, apparatus, equipment and consumables; lighting

II.2.3) Place of performance

NUTS codes
