#### II.2.3) Place of performance

**NUTS** codes

• UK - United Kingdom

#### II.2.4) Description of the procurement

Hyde's intention in respect of this invitation to tender is for the installation of renewable technologies, equipment, and fabric measures in Hyde properties in Kent. The Contractor will generally be required to carry out the design and installation of renewable technologies and equipment, including Solar PV and Air Source Heat Pumps, as well as fabric measures, such as loft and cavity wall insulation, and ventilation measures. The works carried out must be compliant with PAS 2035:2019 and all installations must

comply with PAS 2030:2019 requirements. Energy efficiency measures within the scope of PAS 2030:2019 must be delivered by installers who are certified to that standard for the measure to be installed. It is the role of the Retrofit Coordinator to ensure installers are competent and qualified to the required standards. The installer(s) of the measures must be TrustMark registered. Micro-Generation Scheme (MCS) certificates will be required where low carbon heating systems are installed.

#### II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

#### II.2.6) Estimated value

Value excluding VAT: £900,000

#### II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Start date

17 October 2022

End date

30 July 2023

This contract is subject to renewal

No

#### II.2.10) Information about variants

Variants will be accepted: No

## II.2.11) Information about options

Options: No

#### II.2.12) Information about electronic catalogues

Tenders must be presented in the form of electronic catalogues or include an electronic catalogue

## II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: Yes

Identification of the project

European Regional Development Fund (ERDF) funded programme

## II.2.14) Additional information

\*All practical works undertaken in this contract must be completed by 30th June 2023.\*

## Section III. Legal, economic, financial and technical information

## III.1) Conditions for participation

## III.1.1) Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions

As per tender documents

#### III.1.2) Economic and financial standing

List and brief description of selection criteria

As per tender documents

Minimum level(s) of standards possibly required

As per tender documents

## III.1.3) Technical and professional ability

List and brief description of selection criteria

As per tender documents

Minimum level(s) of standards possibly required

As per tender documents

## III.2) Conditions related to the contract

#### III.2.2) Contract performance conditions

As per tender documents

#### III.2.3) Information about staff responsible for the performance of the contract

Obligation to indicate the names and professional qualifications of the staff assigned to performing the contract

## Section IV. Procedure

## **IV.1) Description**

## IV.1.1) Type of procedure

Open procedure

## IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No

## IV.2) Administrative information

## IV.2.2) Time limit for receipt of tenders or requests to participate

Date

15 September 2022

Local time

3:00pm

#### IV.2.4) Languages in which tenders or requests to participate may be submitted

English

## IV.2.6) Minimum time frame during which the tenderer must maintain the tender

Duration in months: 6 (from the date stated for receipt of tender)

## IV.2.7) Conditions for opening of tenders

Date

15 September 2022

Local time

3:00pm

## **Section VI. Complementary information**

## VI.1) Information about recurrence

This is a recurrent procurement: No

## VI.2) Information about electronic workflows

Electronic ordering will be used

Electronic invoicing will be accepted

Electronic payment will be used

## VI.3) Additional information

Hyde's intention in respect of this invitation to tender is for the installation of renewable technologies, equipment, and fabric measures in Hyde properties in Kent. The Contractor will generally be required to carry out the design and installation of renewable technologies and equipment, including Solar PV and Air Source Heat Pumps, as well as fabric measures, such as loft and cavity wall insulation, and ventilation measures.

The works carried out must be compliant with PAS 2035:2019 and all installations must comply with PAS 2030:2019 requirements.

Energy efficiency measures within the scope of PAS 2030:2019 must be delivered by installers who are certified to that standard for the measure to be installed. It is the role of the Retrofit Coordinator to ensure installers are competent and qualified to the required standards.

The installer(s) of the measures must be TrustMark registered. Micro-Generation Scheme (MCS) certificates will be required where low carbon heating systems are installed.

\*All practical works undertaken in this contract must be completed by 30th June 2023.\*
