Explanation:

The Vehicle Support Team (VST) – part of the Defence, Equipment and Support (DE&S) organisation within the UK Ministry of Defence (MOD) – intends to award a contract to Yamaha Motor Europe N.V to replace the existing Quad Bikes contract currently with Yamaha Motor Europe N.V, which is due to expire in November 2021. The duration of the contract is TBC. The estimated contract value is £360k (Inc VAT).

Only the Contractor, as the Design Authority and Original Equipment Manufacturer (OEM) for the Yamaha Motor Europe system has access to the technical information, expertise, knowledge and know-how necessary as well as the Special Tools and Test Equipment (STTE) to provide the Authority with assurance that the operational effectiveness and safety of the platform will not be compromised. A third party would not be able to carry out this work without access to the necessary design and technical information which is required to ensure the goods are produced to the correct technical specification, in terms of quality, performance and safety. The Services being procured under this contract are safety critical to the operation of the platform and so must be produced to the correct specification, held only by Yamaha Motor Europe.
