#### **II.1.4) Short description**

The proposals are to provide 32 family houses comprising 4No 1B, 15No 2B and 13No 3B house types with associated external works and services all in traditional construction. In addition the site will require abnormal works undertaking such as piled foundations, retaining walls, foul pumping station, surface water attenuation, capping layers, methane protection works and highway sub base improvement works. This requirement was originally tendered and awarded to another contractor in March 2021. However, due to unforeseen difficulties, this contractor was unable to continue the build project, which has been on hold since March 2023. The intention is now to appoint a new supplier for the project, through this tender.
