Description

TWS will support the force operating in the land environment, wherever it may be deployed worldwide, by providing the capability to ensure self-sufficiency for water. This includes the capability to manage water from its raw source to the point at which potable and palatable water is required by the user. It will provide the ability to collect, hold, package, and distribute water within the unit.

Equipment will be provided by the Authority as Government Furnished Equipment (GFE), to be managed by the TWS Contractor under a Contractor Logistics Support (CLS) arrangement, with equipment held at agreed readiness levels.
