II.2.4) Description of the procurement

The procurement for Syringes and Needles is for the administration of future pandemic vaccine candidates that are not yet available, but form part of the UK's overall vaccine programme. These products will be distributed by Public Health England.

The Supplier(s) awarded to this Contract will be required to deliver the required volume of

the awarded products as stated within the tender documents to prescribed Movianto UK (or other nominated) Depots.

It is anticipated that the following volumes will be required:

Product volume requirement for morbidly obese (longer needle) is 7,800,000 eaches (2,250,000 x3 deliveries) split across 60% and 40% awarded volume.

Applicants will be required to submit samples in the form of 1 x UOS of Ward Ready Products (“products for verification”) for each product bid against the evaluated Product Line(s) by mid June 2021.

NHS Supply Chain anticipates appointing the highest scoring Applicant who meet the minimum requirements, which are set out in the tender documents to the relevant Product Line.

Applicants may bid for one or more Product Lines, however it should be noted that where they are the highest scoring Applicant for the 60% volume line their offer for the associated 40% volume line, if bid, will not be considered for evaluation. However, NHS Supply Chain reserves the right to award the full 100% volume to one Applicant in the event no other compliant bids are received. Please refer to the tender documents for further information in respect of the Award.
