Section I: Contracting authority

I.1) Name and addresses

Trinity House

The Quay, The Quay

Harwich

CO12 3JW

Contact

Assistant Procurement Specialist

Email

etender@trinityhouse.co.uk

Telephone

+44 1255245098

Country

United Kingdom

Region code

UKH1 - East Anglia

Internet address(es)

Main address

<https://www.trinityhouse.co.uk>

Buyer's address

<http://trinityhouse.g2b.info/>

I.3) Communication

Additional information can be obtained from the above-mentioned address

Electronic communication requires the use of tools and devices that are not generally available. Unrestricted and full direct access to these tools and devices is possible, free of charge, at

<https://trinityhouse.delta-esourcing.com/respond/S8295JTM44>

I.4) Type of the contracting authority

Body governed by public law

I.5) Main activity

Other activity

Maritime Navigation

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Air Compressors for Harwich Buoy Yard

Reference number

T0498

II.1.2) Main CPV code

- 42123400 - Air compressors

II.1.3) Type of contract

Supplies

II.1.4) Short description

The current compressors and associated equipment within Harwich buoy yard are now approximately 17 years old and are no longer supportable from the original equipment manufacturers. This increases risk and costs to the business and therefore it is recommended that some or all of the equipment be replaced.

The compressors and equipment are necessary to generate quality pressurised air for all core activities including paint spraying, shot blasting, and without a reliable source of compressed air these activities will not function and therefore buoy refurbishment cannot be undertaken.

The current system comprises of one variable speed drive (VSD) compressor and one fixed speed, the VSD is used to top up system pressure and volume when necessary. As there is a high probability through the introduction of new equipment, the demand upon the compressors will change from the original value, it would be beneficial as part of this project to establish a new baseline and therefore size the new equipment accordingly.

II.1.5) Estimated total value

Value excluding VAT: £90,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 42123400 - Air compressors

II.2.3) Place of performance

NUTS codes

- UKH1 - East Anglia

Main site or place of performance

East Anglia

II.2.4) Description of the procurement

The current compressors and associated equipment within Harwich buoy yard are now approximately 17 years old and are no longer supportable from the original equipment manufacturers. This increases risk and costs to the business and therefore it is recommended that some or all of the equipment be replaced.

The compressors and equipment are necessary to generate quality pressurised air for all core activities including paint spraying, shot blasting, and without a reliable source of compressed air these activities will not function and therefore buoy refurbishment cannot be undertaken.

The current system comprises of one variable speed drive (VSD) compressor and one fixed speed, the VSD is used to top up system pressure and volume when necessary. As there is a high probability through the introduction of new equipment, the demand upon the compressors will change from the original value, it would be beneficial as part of this project to establish a new baseline and therefore size the new equipment accordingly.

II.2.14) Additional information

Interested parties may arrange a site survey on existing equipment prior to tendering. This survey will enable the viewing of accessibility, current equipment and usage prior to proposing future solutions. To make an appointment, please send an Expression of Interest email to etender@trinityhouse.co.uk by 31st August.

II.3) Estimated date of publication of contract notice

10 October 2022

Section IV. Procedure

IV.1) Description

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes
