SC240053 -Place Based Local Stop Smoking Service

Reference number

DN725285

II.1.2) Main CPV code

- 85323000 - Community health services

II.1.3) Type of contract

Services

II.1.4) Short description

This is a procurement carried out under the Provider Selection Regime 2023 - Route 3

Competitive Procedure. This is a notice of intention to make an award to the chosen provider.

On 4 October 2023, the government published Stopping the start: our new plan to create a

smokefree generation, which considered the recommendations detailed in the independent

review and sets out the proposed actions the government will take to tackle smoking and youth vaping.

To help reach the Smokefree 2030 ambition, the government is committing additional funding of £70 million per year for local authority led stop smoking services and support.

This will more than double the current local authority spend on stop smoking services of £68

million per year to a total of £138 million and meets the independent review recommendation

for increased investment. In total the funding will aim to support around 360,000 people to quit with 198,000 successful quits (measured as four-week quits).

From this funding, the Council is seeking to reduce the amount of people smoking through increasing engagement with smokers from priority groups (identified by The Council's

Tobacco Control Needs Assessment), in line with the conditions of the Local Stop Smoking

Services and Support Grant 2024-2025.

The overall aim of the Service is to increase the number of people quitting smoking in Kent by

engaging and motivating individuals from priority groups to stop smoking.

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)
