## **Section VI. Complementary information**

### **VI.3) Additional information**

Please note that information relating to contractors engaged by the Northern Ireland Department of Justice, and associated bodies, is not published in any publicly accessible forum or publication. This is to protect such contractors, whose security and safety could be threatened by dissident terrorist organisations still active in Northern Ireland if their details became known. This is consistent with Regulation 50(6)(a). Since this is a demand-led requirement, neither CPD nor Northern Ireland Prison Service can provide any guarantee as to the level of business under this contract. The estimated contract values are broad estimates only, include additional quantum for unforeseen demand and to future proof for additional potential users. The estimates are not deemed to be a condition of contract nor a guarantee of minimum demand or uptake. No compensation will be payable to a contractor should the actual demand be less than that stated. Contract monitoring: the successful Contractor's performance on the contract will be regularly monitored. Contractors not delivering on contract requirements is a serious matter. It means the public purse is not getting what it is paying for. If a Contractor fails to reach satisfactory levels of contract performance they will be given a specified time to improve.

If, after the specified time, they still fail to reach satisfactory levels of contract performance, the matter will be escalated to senior management in CPD for further action. If this occurs and their performance still does not improve to satisfactory levels within the specified period, it may be regarded as an act of grave professional misconduct and they may be issued with a notice of written warning and notice of unsatisfactory performance, and this contract may be terminated. The issue of a notice of written warning and notice of unsatisfactory performance will result in the Contractor being excluded from all procurement competitions being undertaken by Centres of Procurement Expertise on behalf of bodies covered by the Northern Ireland Procurement Policy for a period of up to 3 years from the date of issue of the notice.

## **VI.4) Procedures for review**

### **VI.4.1) Review body**

The UK does not have any special review body with responsibility for appeal/mediation procedures in public procurement competitions

### **VI.4.3) Review procedure**

Precise information on deadline(s) for review procedures

CPD complied with the Public Contracts Regulations 2015 (as amended) and incorporated a standstill period (i.e. a minimum of 10 calendar days) at the point information on the award of contract was communicated to tenderers. That notification provided full information on the award decision. This provided time for the unsuccessful tenderers to challenge the award decision before the contract was entered into.
