Scope

Reference

ENV6007048R Tiverton below water survey

Description

Inspection of the below water parts of a river flood wall in Tiverton, Devon. Inspection is required on 3 structures and 3 lengths of wall, totalling 600m in length to identify physical defects and identify any areas of scour to the base of the wall. A detailed works summary has been prepared. The findings of the survey are to be provided to the consultant for incorporation into a structural assessment. Refer to Dive Survey Summary for full details of requirements.
