Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Next Generation Telemetry System

II.1.2) Main CPV code

- 48000000 - Software package and information systems

II.1.3) Type of contract

Supplies

II.1.4) Short description

SEPA is responsible for ~700 monitoring stations equipped with a variety of sensors, data-loggers and telecommunication equipment, servicing observations across all environmental media.

The data collected on the loggers are automatically transmitted to a central archive database via a telemetry management system, from whence they are automatically processed and distributed to a range of reporting and operational end-uses.

SEPA requires this system to be replaced.
