II.1.4) Short description

The Department of Health and Social Care (DHSC) is inviting suppliers of supply chain risk management software to share information about their product. At this early stage, DHSC is wanting to gain a greater understanding of the range of solutions available, that can provide real-time intelligence and insights to identify risks of supply chain disruption for named suppliers, preferably in a cloud-based solution. Suppliers are also invited to provide indicative timescales for system implementation and high-level costings. We are keen to hear from both aggregators of risk data and specialist primary information providers.

At this stage, we request that information is provided in written or recorded audio/visual format only. Suppliers may use their own discretion when determining what information to share, for example; sales literature, presentation slides or videographic information.

II.1.5) Estimated total value

Value excluding VAT: £1
