#### **II.2.4) Description of the procurement**

The Institute requires an integrated Grants Management, Financial Management, Human Resource Management, Inventory and Procurement Management System or integrated ERP System.

The requirements are to be met by a reliable, single sign-on (active directory), on-site, integrated system and will include migration, transition, training, implementation and ongoing support and maintenance.

The Institute will seek a live system commencement date of 1st April 2025 for fully tested systems and processes.

The key areas for implementation of a new system include:

- Grants management capabilities including grant concept, grant proposal / application; grant submission; grant funding; grant management and grant close. The solution must be able to allocate a scientists salary cost across multiple projects and flow into / update in, the relevant project budgets.
- Financial management capabilities including full economic costing (overhead absorption); accounts payable; accounts receivable; fixed assets; general ledger; project ledger; sales ledger, purchase ledger, expenses planning; budgeting; forecasting; and cash management.
- Human resource management capabilities including recruitment; working terms and conditions; attendance and absence; information and records; transfers; employee relations; legal cases; occupational health; immigration visa's; housing; learning and development; job evaluation and grading; performance management, reward, and recognition; exit process; time and attendance; and employee self-service.
- Inventory capabilities.
- Procurement management capabilities including raising requisitions; processing purchase orders; punch-out to supplier websites; receipting goods and services; managing supplier returns; dangerous goods; identifying orders >£10k (quotes); identifying orders; stores; inventory; and specialised shipping.
- Self-service capabilities including the ability for end users to access items to action; personal data; team calendar; pay details; HR details; expenses; procurement; training; and professional details.
- Chart of Accounts structure or alternate concept.
- Labour distribution capabilities including the ability to allocate end users (specifically

scientist) across multiple projects.

- Workflow capabilities in Finance, HR, Payroll, Procurement, Grants, Self-service, COA, Reporting, Approvals and Project Module.
- Internal and external reporting capabilities across all areas of grants management; financial management; human resource management; payroll; procurement management, self-service, COA, reporting and project module.
- Approvals management across all areas of grants management; financial management; human resource management; inventory; procurement management, self-service, COA, reporting and project module.

All ITT Responses must be submitted to the Institute via email to [pirbrighttenders@pirbright.ac.uk](mailto:pirbrighttenders@pirbright.ac.uk).

#### **II.2.5) Award criteria**

Quality criterion - Name: Overall / Weighting: 70%

Price - Weighting: 30%

#### **II.2.11) Information about options**

Options: No

---

## **Section IV. Procedure**

### **IV.1) Description**

#### **IV.1.1) Type of procedure**

Open procedure

#### **IV.1.8) Information about the Government Procurement Agreement (GPA)**

The procurement is covered by the Government Procurement Agreement: No
