The service aims to deliver local CYP Emotional Wellbeing and Mental Health outcomes

Working with system partners this service specification aims to deliver the following outcomes:

- Children and young people (CYP) will be supported to have good emotional wellbeing and mental health
- Negative effects of poor emotional wellbeing and mental health will be reduced

- CYP and families (CYP&F) experience of all transitions is positive (including between services and completing treatment)
- Services are delivered at the right time to meet the needs of the CYP&F
- Practitioners are competent and confident to identify individuals whose emotional wellbeing and mental health needs would be better met by services offering support within other needs based groupings within the Thrive Framework and know how to access this support on behalf of the individual

Community Youth Work Offer

The Community Youth Work Offer will provide needs led emotional wellbeing and mental health support for young people aged 11-18 (inclusive) in Norfolk and Waveney with the overall aim to help young people achieve their goals and have improved mental health. The offer will provide one to one and group-based support using Youth Work approaches and will be closely linked to local Primary Care Networks. The offer will be made available for young people aged up to 25 where there are additional vulnerabilities meaning they would benefit from a youth work (rather than adult service) approach.

Young people who access support from this offer are likely to be experiencing social, emotional, and mental health and wellbeing challenges and the provider will be experienced in providing support and promoting recovery for young people with these issues.
