I.6) Main activity

Production, transport and distribution of gas and heat

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Industrial and Commercial Hydrogen Meters

II.1.2) Main CPV code

- 38410000 - Metering instruments

II.1.3) Type of contract

Supplies

II.1.4) Short description

National Grid Metering are currently seeking to understand market capability and capacity for Industrial and Commercial (I&C) Hydrogen Meters. Specifically, we require information on U16, U25, U40, U100, and U160 that are AMR compatible (Non-SMETS2 Meters), and that will be able to measure various levels of blends of hydrogen and natural gas. We are

also interested in understanding the wider hydrogen meter market i.e. available/developing/planned hydrogen measurement technology, and available/developing/ planned hydrogen meters.

If you wish to participate in the RFI, please email saul.shapiro@nationalgrid.com with the headline 'I&C Hydrogen Meters RFI Request'.

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

The purpose of the exercise is to enable National Grid Metering to understand current market and to help inform any procurement activities for this requirement, should we wish to procure it in the future.

For the avoidance of doubt, the request is for information only and does not represent a commitment by National Grid Metering to either procure or enter into contracts for the items described.

II.3) Estimated date of publication of contract notice

31 December 2021

Section IV. Procedure
