II.2) Description

II.2.3) Place of performance

NUTS codes

- UKD73 - Sefton

Main site or place of performance

Port of Liverpool

II.2.4) Description of the procurement

The gangway must be able to;

- Ensure safe access and egress for vessels moored alongside the Liverpool 2 container terminal in the Port of Liverpool
- Provide access and egress to container ships from 200m to 400m in length
- Be operable at all states of tide
- Be operable during cargo (container) handling
- Operate at any location along the berth
- Be set up and operable within 15 minutes of the vessel coming alongside.
- Be safe to use in up to 35 knots of wind
- Be self-levelling (slave mode) with the vessel throughout the tidal cycle
- Be maintainable / serviceable on site.

II.2.14) Additional information

If you have experience in this area please could you provide at a minimum the following information and submit to the Peel Ports Sourcing Team mailbox:

sourcing@peelports.com

- Company Name
- Contact details, including location telephone and e-mail address, main point of contact and position in Company
- A short description (1-2 paragraphs) of your Company's capabilities in this area.

II.3) Estimated date of publication of contract notice

25 November 2023
