Tenders or requests to participate must be submitted to the above-mentioned address

I.4) Type of the contracting authority

Body governed by public law

I.5) Main activity

Education

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

The design and manufacture of a suite of tools for aircraft wing manufacture

Reference number

NCC0195ZS260821

II.1.2) Main CPV code

- 42900000 - Miscellaneous general and special-purpose machinery

II.1.3) Type of contract

Supplies

II.1.4) Short description

There will be a requirement for a suite of tools to enable the manufacture of a complete set of wing covers Port, Starboard, Upper & Lower. The wing covers will be manufactured from Aerospace pre-preg composite materials which will be cured in the National Composites Centre large Autoclave. Each of the Cover assemblies will consist of a Cover Panel as well as integral stringers. The tools in scope for this project will include all mould tools as well as all lifting and handling provision to enable the manufacture of all constituent parts and the integration of these parts into their respective assemblies. The rough sizing for each of the individual wing covers will be approximately 6m span, 1.4m chord with a typical aero surface. The program for works is estimated to be in the order of 7 months, with initial geometry data drop in November 2021 and final geometry January 2022 with tools required on dock at the NCC at the end of May 2022.

II.1.5) Estimated total value

Value excluding VAT: £1,000,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom
