Framework

Open framework scheme end date (estimated)

9 November 2033

Maximum number of suppliers

Unlimited

Maximum percentage fee charged to suppliers

1%

Further information about fees

A flat Management Fee of 1% will apply to all contracts let under this framework. This will be due for cash payment to the Norfolk Pension Fund to cover the administration of The National LGPS Frameworks as at 31 March each year for work invoiced during the financial year.

Framework operation description

Applicants are required to complete the Form G Pricing Spreadsheets for each Lot they are bidding for and return this with the Invitation to Tender.

Each time a framework user has a requirement it will either:

hold a competition involving all suppliers capable of performing the contract. This will involve inviting bids from Suppliers on the Framework and will be scaled to the size and complexity of the requirement ("Further Competition") Contracting Authorities may appoint a single provider for one or more Lots.

Or directly award a contract to one supplier from information supplied in the Invitation to Tender and from the prices submitted in the pricing schedule ("Direct Award") (Lot 5 only).

Direct Awards will be made based on the information supplied in Applicants' responses to the Invitation to Tender and from the prices submitted in the pricing schedule, and will take into account:

- The services offered in the Invitation to Tender aligned with the specific requirement.
- The price(s) quoted in the Pricing Schedule
- Any capacity constraints indicated within the Framework tender response.

Where a Provider is unable to fulfil the requirement at direct contract award, the next most appropriate Provider will be awarded the contract.

The Council and any nominated users of the Framework Agreement reserve the right to conduct Further Competitions using the Competitive Flexible procedure where appropriate.

Award method when using the framework

Either with or without competition

Contracting authorities that may use the framework

The framework may be used by:

Any LGPS administering authorities as defined in the Local Government Pension Scheme Regulations 2013 (SI 2013/2356) (as amended) including the Firefighters' and Police Pension Schemes and any of their participating employing authorities, or in relation to the LGPS in Scotland, any administering authority and any of their scheme employers as defined in the Local Government Pension Scheme (Scotland) Regulations 2018 (SSI 2018/141) (as amended),

NILGOSC in Northern Ireland and employing authorities as defined in the Local Government Pension Scheme Regulations (Northern Ireland) 2014 (SRNI 2014/188) (as amended),

The Board of the Pension Protection Fund.

Any other administering authority or scheme manager of a public-sector pension scheme or any public-sector body that requires pensions related services, and

Any LGPS Fund(s) or groups of funds, or any bodies, organisations or companies established by them for the purpose of operating on a collective basis.

Environmental, Social Governance	Quality	5%

Other information

Description of risks to contract performance

Norfolk County Council has joined the government's Devolution Priority Programme.

This process has the potential to lead to the establishment of a county combined authority for Norfolk and Suffolk, with strategic powers, headed by an elected mayor. A consultation is under way.

Government has also invited participation by Norfolk in Local Government Review. This process has the potential to lead to unitary local government in Norfolk. One of these changes could happen without the other. The contract may be assigned or novated to any successor authority(ies) to Norfolk County Council or to any joint body incorporating or formed by any such successor. The County Council or a successor authority or joint body may order services on behalf of other local authorities serving any area within Norfolk's current geographical boundaries.
