II.2.3) Place of performance

NUTS codes

- UKJ12 - Milton Keynes

II.2.4) Description of the procurement

The procurement is for the Authority's contract for highways and infrastructure services ('Highway Services'). The Authority is seeking a single contract to provide integrated services and capital works as described in Section II.1.4 (Short Description). The Authority will implement the procurement procedure in successive stages - further information is set out in the procurement documents. To express interest, economic operators must complete and return responses to the selection questionnaire (SQ) (which uses the PAS91 form) in accordance with the instructions set out in the procurement documentation. The Authority's needs and requirements for the Contract are included in the procurement documents published with this notice. This procurement is undertaken pursuant to the competitive procedure with negotiation using an electronic tendering system. Economic operators will need to register on the portal to participate and the registration is free. All documentation is available from and all communication is to be conducted via the portal at <https://intendhost.co.uk/milton-keynes/This> procurement shall take place in successive stages as referenced in Regulation 29(19) of the PCR. Following submission of the completed SQs, the Authority will apply the selection criteria, as set out in the procurement documentation. Based upon the selection criteria set out in the SQ, the Authority intends to shortlist and invite the top five (5) scoring economic operators to progress from the SQ stage to the invitation to participate in negotiation and submission of initial tender stage provided there

are sufficient economic operators that submit and pass the SQ stage. Each of the economic operators shortlisted at the SQ stage will be invited to submit initial tenders. Following the evaluation of the initial tenders, in accordance with the evaluation methodology set out in the procurement documentation, the Authority will, either make an award based on the initial tenders or, as is the Authority's current intention, invite the economic operators to participate in negotiation. Following conclusion of the negotiation the Authority shall invite the economic operators to submit final tenders. The final tenders shall be evaluated in accordance with the evaluation methodology set out in the procurement documentation and the Authority shall make an award accordingly. The Authority reserves the right to add stages or revise this process and/or to discontinue all or part of this procurement process at any stage at any time and not to award a contract for some or all of the Highway Services for which responses are invited for any reason.

II.2.5) Award criteria

Quality criterion - Name: Quality / Weighting: 60%

Price - Weighting: 40%

The roles are Electrical Installations, Civils, Road Markings, Ashphalt, Concrete and Aggregate, Surface Dressing and Specialist Treatments, Surfacing will be subcontracted. 7 Subcontractors will be used

Section VI. Complementary information

VI.3) Additional information

The total contract award value provided in Section V.2.4 is the tendered sum for the full possible contract period of 12 years (i.e. the initial service period plus the full potential extension period of 4 years) at point of contract signature. This figure comprises the tendered sum for the Core Work Tasks only. The value provided in Section V2.4 is not intended to act as a cap on the Contract costs/value. The figure will be affected by the instruction of capital works as Work Tasks during the term of the Contract. Furthermore, the sum is expected to be affected by compensation events, adjustments for inflation in accordance with Option X1 of the Contract, and expected growth/key service change in the Authority Area.
