VII.1.7) Name and address of the contractor/concessionaire

AEG Presents Ltd

London

Country

United Kingdom

NUTS code

- UKI - London

The contractor/concessionaire is an SME

No

VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

TRP publishes this notice to record its intension to modify its contract for the operation and management of Hyde Park Music Festival (HPMF) to allow the Event Organiser to hold two additional days' worth of annual events in 2022, 2023 & 2024 each having a capacity of 49,999. All of the events permissible each year under the contract (including the Additional Events) will be held within a three week time period.

VII.2.2) Reasons for modification

Need for additional works, services or supplies by the original contractor/concessionaire.

Description of the economic or technical reasons and the inconvenience or duplication of cost preventing a change of contractor:

TRP requires this modification as two slots (from the limited number which TRP is permitted

to stage each year) previously used for events in September of each year ('Additional Events') which had been covered under an alternative contract to that being modified, have unexpectedly become available. A three-year period will be required for TRP to a) procure an alternative event organiser to hold the Additional Events (under a separate contract) and b) for the alternative event organiser to mobilise to start providing the Additional Events from 2025 onward (it not being technically possible to commence a new contract for the Additional Events before then). The Additional Events will be moved to July to make use of the existing infrastructure and this will accordingly reduce disruption. TRP believes that without this modification the Additional Events would otherwise not go ahead meaning that the public benefit as well as the financial benefit which ultimately accrues to TRP (which is a charity) would be lost. TRP also believes that the modification to the existing contract is not substantial. TRP therefore believes that this modification is permissible.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £359,410,000

Total contract value after the modifications

Value excluding VAT: £401,410,000
