**II.1.4) Short description**

ENGIE Services Ltd on behalf of North East Lincolnshire Council (the Authority) is seeking a suitably qualified contractor for the upgrade of its CCTV cameras and network. The Authority's current public space and council building CCTV camera system has evolved over the last 20 years by using a variety of different technologies to respond to the issues of their aging system to maintain the optimum performance with the limitations afforded with these changes. The Authority have undertaken a full technical evaluation of their current system based on the operational requirements they now face. On the review it has become apparent that the consolidation of the different elements of the system needs to be implemented to allow better management of the CCTV system within the control room, whilst at the same time removing the risk of equipment obsolescence, which

is driving the running cost of the system up each year. As a result of the review, The Authority have taken the decision to upgrade their current CCTV system, including the renovation of the current control room to improve the environment within the control room for their operational staff working within this area. the appointed Contractor shall provide the following elements of works: Installation and commission of a new high -capacity wireless transmission network. Installation and commission of a new high-definition cameras. Installation and commission of a new digital CCTV control, recording and display system. Installation and commissioning of new control room. Provide within Prelims, welfare facility and storage container within fence compound area at Doughty Road Depot, area to be agreed with client. Provision of a comprehensive service and maintenance package. Additionally, the Contractor shall be responsible for all works in relation to any decommissioning, strip out and disposal of the existing CCTV systems and camera locations as per the requirements within the tender documents. All information and documents are only available via [www.yortender.co.uk](http://www.yortender.co.uk) All clarifications and questions must be submitted via [www.yortender.co.uk](http://www.yortender.co.uk)
