II.2.4) Description of the procurement

This is a Contract Award Notice to communicate the contract awarded by the Authority to Quantum IT for the provision of a CPMS. Across the system there are inconsistent processes for the management of non-medical practice placements (nursing, midwifery and AHP's), resulting in lack of organisational and system oversight of placement

utilisation, learner numbers and student tariff. To ensure MSE ICS can work towards the CLE Strategy and Long-Term Workforce Plan a systematic approach needs to occur. The Authority aims to move to a system wide Centralised Placement Management System (CPMS), that would hold and manage all non-medical learner data, whilst effectively co-ordinating and managing placement processes. Each organisation would continue to manage and hold responsibility for their own placements and utilisation of the database, yet the system wide overview will ensure effective wider collaboration of placement utilisation and recruitment could occur. Without collaboration, organisations will continue to work in silo, with an increased risk of lack of oversight of learners across individual organisations. The Authority identified value for money with more than 5% savings from the direct award of this contract that would have been enacted from the framework agreement fees.

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- No tenders or no suitable tenders/requests to participate in response to open procedure
- The services can be provided only by a particular economic operator for the following reason:
 - absence of competition for technical reasons

Explanation:

This below-threshold single-tender action is made under Reg 32(b)(ii) and within the Authority's local SFIs. The Authority identified Quantum IT as the only technical capable provider of this provision and identified significant value for money with more than 5% savings from the direct award of this contract that would have been enacted from the framework agreement fees. This CPMS provision will enable system oversight of placement utilisation, learner numbers and student tariff, to better utilise resources across NHS and system partners. Without collaboration, organisations will continue to work in silo, with an increased risk of lack of oversight of learners across individual organisations.

This notice is being published to reflect the date by which the Authority has satisfied its internal governance process and the Authority's signatures have been ascertained, not at the time of the proposed start-date of this contract. The Service to which this procurement relates fall within the Public Contracts Regulations 2015 as amended by as amended by The Public Procurement (Amendment etc.) (EU Exit) Regulations 2020, (the "Regulations").
