Section II: Object

II.1) Scope of the procurement

II.1.1) Title

NHS SBS ADMISSION AVOIDANCE SERVICES (SBS10264)

Reference number

SBS10264

II.1.2) Main CPV code

- 85100000 - Health services

II.1.3) Type of contract

Services

II.1.4) Short description

NHS Shared Business Services Limited (NHS SBS) act in an Agency capacity for and on behalf of its customers (Approved Organisations) - existing and new. These comprise of NHS and Social Care organisations (whether acting individually, or on behalf of, or together as members of any consortia) along with any other public or private sector bodies which NHS SBS authorises to use the resulting Framework.

NHS SBS intends to put in place a Framework Agreement for the provision of Admission Avoidance and related Goods and Services for Healthcare to be used by NHS SBS Approved Organisations.

Our Approved Organisation list can be found on:

<https://sbs.nhs.uk/proc-framework-agreements-support>

We are committed to working with suppliers who are dedicated to Sustainability and Social Value and there will be a significant weighting on these elements in the tender.

A Request for Information (RFI) form can be obtained from the above-mentioned email address or downloaded from Contracts Finder.

Requests to participate must be submitted electronically by way of completing and responding to the RFI via email to nsbs.health@nhs.net by 12:00 noon 04 Dec 2023.

Description of the procurement

Instead of

Text

This lot aims to provide a full solution for the provision of Falls and Frailty services including prevention, education, and training. Falls and frailty teams join up care by connecting hospital expertise with emergency services and use technology to reduce the risk of falls by remotely monitoring patients. The team typically attends to patients who have had a fall or are displaying related symptoms associated with frailty.

They can assess, treat underlying illness, and minor wounds, assess mobility and function, and provide appropriate equipment to enable them to remain at home safely, with wrap around support provided where needed with the hospital at home.

Read

Text

The framework agreement aims to provide a full solution for the provision of Virtual Wards/Hospital at Home Support Services. Virtual wards/Hospital at Home Support Services allow patients to receive the care they need at home, including in care homes, safely and conveniently rather than in hospital. This procurement is for a managed service for patients to receive care at home to help prevent unplanned admissions to hospital. The virtual wards service will be developed to support the increasing Urgent and Emergency Care (UEC) operational pressures, reducing demand for acute bed capacity and improving patient flow. This can be a virtual ward for frailty, cardiology, respiratory, epicentre (emergency point of care testing and treatment without transfer to hospital), palliative, paediatric and any other virtual ward service that may be appropriate to provide care to patients at home.

VII.2) Other additional information

This is a Provider Selection Regime (PSR) Prior Information Notice (PIN). The subsequent awarding of this framework agreement is subject to the Health Care Services (Provider Selection Regime) Regulations 2023. For the avoidance of doubt, the provisions of the Public Contracts Regulations 2015 do not apply to this PIN.

To receive the RFI documentation via email please respond to nsbs.health@nhs.net and return completed documentation by 12 noon 6th August 2024

The value of in II.1.5 is an indicative value over 4 years from July 2025
