# **Section II: Object**

## II.1) Scope of the procurement

#### II.1.1) Title

Euro Link Marine Survey

#### II.1.2) Main CPV code

• 71354500 - Marine survey services

#### II.1.3) Type of contract

Services

#### II.1.4) Short description

National Grid Interconnector Holdings Limited and TenneT are developing proposals for a High Voltage Direct Current (HVDC) Multi Purpose Interconnector "Euro Link" between England and Netherlands in support of ongoing programs for strengthening both the UK and Dutch Transmission Networks. The development process has identified the need for a HVDC Interconnector installation over a cumulative distance of approximately 200km. Survey requirements are thus arisen to establish suitability of a preferred route alignment.

To register your interest in this procurement event and to obtain the pre-qualification documentation applicants are to email <a href="mailto:amy.palmer@nationalgrid.com">amy.palmer@nationalgrid.com</a> using the wording 'Registering Interest for Euro Link Marine Seabed Survey' and include in the body of the message (if you have them) your Ariba AN numbers (Network ID), name, email address and contact phone number for all contacts within your organisation who will need to receive Ariba messages and administer your online submissions.

Following receipt of this information National Grid will invite you to the Ariba event where all of the pre-qualification documentation is contained including further instructions.

#### II.1.6) Information about lots

This contract is divided into lots: Yes

Tenders may be submitted for all lots

Maximum number of lots that may be awarded to one tenderer: 2

The contracting authority reserves the right to award contracts combining the following

lots or groups of lots:

National Grid Interconnector Holdings Limited reserve the right to award any number of agreements or none at all, either lots 1A and/or 2A or 1B and/or 2B will be awarded.

# II.2) Description

#### II.2.1) Title

Lot 1A - Geophysical Cable & Platform and Geotechnical for Cable 2023

Lot No

1

#### II.2.2) Additional CPV code(s)

- 71332000 Geotechnical engineering services
- 71351210 Geophysical consultancy services
- 71354400 Hydrographic services
- 71354500 Marine survey services

#### II.2.3) Place of performance

**NUTS** codes

- UK United Kingdom
- NL Netherlands

Main site or place of performance

**United Kingdom** 

#### II.2.4) Description of the procurement

Marine geophysical survey including, but not limited to:

- Survey design and planning
- Multi-beam echo-sounder (MBES) survey
- Side-scan sonar (SSS) survey

- Sub-bottom-profiler (SBP) survey
- Magnetometer (MAG) survey and in support of pUXO avoidance prior to geotechnical works
- General video inspection to map cable and pipeline crossing

locations and inspect UXO incidents and possible benthic habitats

- Geophysical Survey reporting and charting
- Data delivery including GIS formats
- Allocation of geotechnical location selection in collaboration with Employers
- Final Integration of geophysics and geotechnics; reporting, charting and data delivery, including GIS formats

Shallow marine geotechnical survey (investigation 3-10m below seabed), including but not limited to:

- Marine geotechnical survey along the propose cable corridors including the intertidal,
- Survey design and planning
- Sediment sampling to a nominal up to 6 m below the seabed and preliminary offshore sediment description and basic testing
- Proposal (in collaboration with Employers) and conducting of onshore geotechnical lab testing
- PCPT survey to a nominal up to 5 m below the seabed and generation of preliminary offshore plots in general for the cable route
- PCPT survey to a nominal up to 10 m below the seabed for crossing navigation routes, and generation of preliminary offshore plots
- In-situ thermal conductivity measurements to a nominal up to 3 m below the seabed and generation of preliminary offshore plots
- Geotechnical survey reporting and charting

- · Data delivery including GIS formats,
- Input into the integration of results with the geophysics

#### II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

#### II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

**Duration** in months

12

This contract is subject to renewal

No

#### II.2.10) Information about variants

Variants will be accepted: No

#### II.2.11) Information about options

Options: No

## II.2) Description

#### II.2.1) Title

Lot 1B - Geophysical Cable & Platform and Geotechnical for Cable 2024

Lot No

2

#### II.2.2) Additional CPV code(s)

- 71332000 Geotechnical engineering services
- 71351200 Geological and geophysical consultancy services
- 71351210 Geophysical consultancy services
- 71354400 Hydrographic services

• 71354500 - Marine survey services

#### II.2.3) Place of performance

**NUTS** codes

- UK United Kingdom
- NL Netherlands

Main site or place of performance

**United Kingdom** 

#### II.2.4) Description of the procurement

Marine geophysical survey including, but not limited to:

- Survey design and planning
- Multi-beam echo-sounder (MBES) survey
- Side-scan sonar (SSS) survey
- Sub-bottom-profiler (SBP) survey
- Magnetometer (MAG) survey and in support of pUXO avoidance prior to geotechnical works
- General video inspection to map cable and pipeline crossing locations and inspect UXO incidents and possible benthic habitats
- Geophysical Survey reporting and charting
- Data delivery including GIS formats
- Allocation of geotechnical location selection in collaboration with Employers
- Final Integration of geophysics and geotechnics; reporting, charting and data delivery, including GIS formats

Shallow marine geotechnical survey (investigation 3-10m below seabed), including but not limited to:

• Marine geotechnical survey along the propose cable corridors including the intertidal,

Page 8 to 14

Survey design and planning

• Sediment sampling to a nominal up to 6 m below the seabed and preliminary offshore

sediment description and basic testing

• Proposal (in collaboration with Employers) and conducting of onshore geotechnical lab

testing

PCPT survey to a nominal up to 5 m below the seabed and generation of preliminary

offshore plots in general for the cable route

• PCPT survey to a nominal up to 10 m below the seabed for crossing navigation routes,

and generation of preliminary offshore plots

• In-situ thermal conductivity measurements to a nominal up to 3 m below the seabed and

generation of preliminary offshore plots

Geotechnical survey reporting and charting

Data delivery including GIS formats,

Input into the integration of results with the geophysics

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement

documents

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

12

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No

# II.2) Description

#### II.2.1) Title

Lot 2A - Geotechnical Platform 2023

Lot No

3

#### II.2.2) Additional CPV code(s)

- 71332000 Geotechnical engineering services
- 71354400 Hydrographic services
- 71354500 Marine survey services

#### II.2.3) Place of performance

**NUTS** codes

• UK - United Kingdom

Main site or place of performance

**United Kingdom** 

#### II.2.4) Description of the procurement

Deep marine geotechnical survey (investigation 50-100m below seabed), including but not limited to:

- Marine geotechnical survey for platforms
- Survey design and planning
- Continuous sediment sampling and preliminary offshore sediment description and basic testing
- Proposal (in collaboration with Employers) and conducting of geotechnical onshore lab testing
- PCPT survey to a nominal up to 100 m below the seabed
- Additional down the hole testing as required

- Geotechnical survey reporting and charting
- Data delivery including GIS formats
- Input into the integration of results with the geophysics

#### II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

#### II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

**Duration in months** 

12

This contract is subject to renewal

No

#### II.2.10) Information about variants

Variants will be accepted: No

#### II.2.11) Information about options

Options: No

### II.2) Description

#### II.2.1) Title

Lot 2B - Geotechnical Platform 2024

Lot No

4

#### II.2.2) Additional CPV code(s)

- 71332000 Geotechnical engineering services
- 71354400 Hydrographic services
- 71354500 Marine survey services

#### II.2.3) Place of performance

**NUTS** codes

• UK - United Kingdom

Main site or place of performance

**United Kingdom** 

#### II.2.4) Description of the procurement

Deep marine geotechnical survey (investigation 50-100m below seabed), including but not limited to:

- Marine geotechnical survey for platforms
- Survey design and planning
- Continuous sediment sampling and preliminary offshore sediment description and basic testing
- Proposal (in collaboration with Employers) and conducting of geotechnical onshore lab testing
- PCPT survey to a nominal up to 100 m below the seabed
- Additional down the hole testing as required
- Geotechnical survey reporting and charting
- Data delivery including GIS formats
- Input into the integration of results with the geophysics

#### II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

#### II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

This contract is subject to renewal

No

# II.2.10) Information about variants

Variants will be accepted: No

# II.2.11) Information about options

Options: No

# Section III. Legal, economic, financial and technical information

# III.1) Conditions for participation

#### III.1.2) Economic and financial standing

Selection criteria as stated in the procurement documents

# III.1.3) Technical and professional ability

Selection criteria as stated in the procurement documents

# Section IV. Procedure

## **IV.1) Description**

#### IV.1.1) Type of procedure

Negotiated procedure with prior call for competition

# IV.1.4) Information about reduction of the number of solutions or tenders during negotiation or dialogue

Recourse to staged procedure to gradually reduce the number of solutions to be discussed or tenders to be negotiated

#### IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No

# IV.2) Administrative information

#### IV.2.2) Time limit for receipt of tenders or requests to participate

Date

23 September 2022

#### IV.2.4) Languages in which tenders or requests to participate may be submitted

English

# **Section VI. Complementary information**

# VI.1) Information about recurrence

This is a recurrent procurement: No

# VI.4) Procedures for review

VI.4.1) Review body

**High Court** 

Royal Courts of Justice, The Strand

London

WC2A 2LL

Country

**United Kingdom**
