Services should achieve all local and national waiting time targets and other key national and local key quality and performance targets.

The expected outcomes of the service are to:

- Provide safe and effective care in line with national best practice and local guidelines to optimise clinical outcomes;
- Deliver timely assessment, diagnosis and treatment for our population within NHS

## Constitutional waiting times

- Engage our communities and patients in the delivery of their healthcare, to support self-care, informed decisions and better personal experience and outcomes.
- Develop confident working relationships with referrers and consultant colleagues in other local providers to serve the best interests of the patient by minimising delays, providing advice, avoiding unnecessary tests or treatment, referring on or back when appropriate and providing clear communication and information
- Drive cost-efficiencies over the life of the contract
- Provide patient education and information in an engaging, user-friendly way, on message with the local system to help patients understand modern healthcare provision
- Participate in and contribute to local educational forums independently or in partnership with our other providers
- Meet the quality, safety and reporting arrangements as outlined in the NHS contract, ensuring a safe, effective and positive experience for the patient.
- Stimulate efficiencies and improvements through innovation to support a sustainable local health economy.

The provider is a key partner in delivery of care in the local area and as such is expected to work in a collaborative and integrated fashion. This requires clinical collaboration with providers across the health system, adhering to locally-agreed pathways, including:

- Primary care medical, dental and optical practices, including Primary Eyecare Services Ltd (PES).
- Primary Care Networks and associated GP Federation Providers
- Solent NHS Trust (Mental Health, Acute and Community)
- Portsmouth Hospitals NHS Trust (Acute, Tertiary, Cancer Centre)
- Hampshire Hospitals NHS Foundation Trust (Acute)
- University Hospitals Southampton NHS Foundation Trust (Acute, Tertiary, Cancer Centre, Trauma Centre)
- Isle of Wight Healthcare Trust (Acute)

- Social Services (Portsmouth, Southampton City, Hampshire and Isle of Wight)
- Equipment services, including local Wheelchair centres
- Patient Transport Provider (South Central Ambulance Services)
- Blood Transfusion Services
- South Central Ambulance Services
- 111 and Out of Hours services
- Any community, primary care triage or alternative service models that are commissioned during the course of the contract.
- The service will be expected to work with other service providers when required, to support the development of interoperability of their respective electronic clinical systems, allowing a seamless flow of patient information as per e-GIF (e-Government Interoperability Framework).

Please note the Contract value is for the full maximum potential contract period of 7 years which includes extensions.
