Education

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Ref: 09/08 – EV Charging Infrastructure & Solar Carports

Reference number

09/08

II.1.2) Main CPV code

- 09330000 - Solar energy

II.1.3) Type of contract

Supplies

II.1.4) Short description

Description of the procurement:

Supply of EV charging infrastructure, solar carports and other ancillary supplies and services.

The successful contractor shall supply (and install) electric vehicle charging infrastructure and solar carports to the Authority and other contracting authorities ('contracting authorities' as defined by the Public Contracts Regulations 2015).

The successful contractor shall also provide a commercial or funded solution, where relevant, to minimise initial capital outlay for the Authority (or other contracting authorities). A variety of funding options will be considered, including lease solutions and power purchase agreements.

The successful contractor shall also deliver other ancillary supplies and services to the Authority (or other contracting authorities) including:

- operations and maintenance services;
- design and structural engineering services;
- site and ground investigations;
- feasibility studies;
- planning and DNO applications.

II.1.5) Estimated total value

Value excluding VAT: £20,000,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 31682000 - Electricity supplies
- 09330000 - Solar energy
- 09332000 - Solar installation

II.2.3) Place of performance

NUTS codes

- UKG31 - Birmingham

II.2.4) Description of the procurement

II.2.4) Description of the procurement:

Supply of EV charging infrastructure, solar carports and other ancillary supplies and services.

The successful contractor shall supply (and install) electric vehicle charging infrastructure and solar carports to the Authority and other contracting authorities ('contracting authorities' as defined by the Public Contracts Regulations 2015).

The successful contractor shall also provide a commercial or funded solution, where relevant, to minimise initial capital outlay for the Authority (or other contracting authorities). A variety of funding options will be considered, including lease solutions and power purchase agreements.

The successful contractor shall also be required to deliver other ancillary supplies and services to the Authority (or other contracting authorities) including:

- operations and maintenance services;
- design and structural engineering services;
- site and ground investigations;
- feasibility studies;
- planning and DNO applications.
