The Contract is for the appointment of a suitably qualified and competent Contractor to undertake works to ensure that East Renfrewshire Council (ERC) meet the new legislative requirements introduced by the Scottish Government in February 2021 for fire alarm systems within domestic properties. Full addresses list provided with the tender documentation.

The Contractor will be responsible for the supply and installation, setting to work, commissioning and provision of record documentation, and maintenance manuals for a LD2 smoke, heat and carbon monoxide detection system installation as detailed in the specification.

The works shall include for the following: -

- Provide at least one smoke detector in the room most frequently used for general daytime living purposes
- Provide at least one smoke detector in every circulation space on each storey of the building, such as hallways and landings
- Provide at least one heat detector in the kitchen
- Provide that all detectors should be ceiling mounted
- Provide that all detectors are interlinked
- Provide an accessible interlinked test switch
- Provide a CO detector to any room which contains a gas combustion appliance interlinked to all other detectors

The Contractor must ensure disruption to the use of existing services within all properties is minimised.

Properties will remain occupied throughout the duration of the Contract works by ERC tenants.
