Body governed by public law

I.5) Main activity

General public services

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

E-bike charging solutions and innovation opportunities market engagement

II.1.2) Main CPV code

- 34430000 - Bicycles

II.1.3) Type of contract

Supplies

II.1.4) Short description

NHS LPP is undertaking a market engagement exercise to gain a greater understanding of e-bike charging points, their installation and usage, operating costs and partnership arrangements, and any areas of potential innovation.

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 31158100 - Battery chargers
- 71314300 - Energy-efficiency consultancy services
- 31434000 - Lithium accumulators
- 31610000 - Electrical equipment for engines and vehicles

II.2.3) Place of performance

NUTS codes

- UKI44 - Lewisham and Southwark

II.2.4) Description of the procurement

NHS London Procurement Partnership (NHS LPP) would like to carry out some market

engagement around electric bike (e-bike) charging solutions and would welcome submissions from any interested parties.

NHS LPP hope to gain a greater understanding of the market for e-bike charging points, their installation and usage, operating costs and partnership arrangements, and any areas of potential innovation (e.g. solar powered charging).

As result of this market engagement, NHS LPP is hoping to understand what e-bike charging solutions for NHS hospital sites might look like as a commercial offering.

The information gained from the market engagement may contribute to the creation of a DPS procurement framework that could be used by NHS Trusts and other NHS organisations when procuring e-bike charging solutions for their premises and wrap around services.

As part of this market engagement NHS LPP would also be keen to hear about any likely future developments and innovations in the e-bike charging solutions market.

When responding to this opportunity on the Atamis Health Family Portal please provide a very brief overview of your knowledge and expertise relating to e-bikes charging solutions. Please feel free to also upload any relevant supporting documents but please note that these are not mandatory. At present we are just seeking to have conversations with any parties who have relevant subject matter knowledge and therefore do not require anything beyond the very brief overview of your knowledge and expertise relating to e-bike charging solutions.

II.3) Estimated date of publication of contract notice

11 August 2023

Section IV. Procedure

IV.1) Description

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes
