The aim is to establish a Framework Agreement to cover the provision of services across all NEAS operational areas inclusive of:

North - Northumberland and North of Tyne

Central - South of Tyne and North Durham

South - South Durham and Teesside

The framework agreement (framework) will be set out into eleven (11) distinct lots, each broken down further into sub-lots to ensure coverage across the above geographical/operational areas. Providers are able and encouraged to bid for any/all of the lots or sub-lots they are capable of delivering.

Further details of the Authority's requirements under the Framework Agreement and Call-Off Contract(s) and other relevant information are detailed in the Specification of Requirements.

NECS is utilising an electronic tendering tool to manage this competition and communicate with potential providers. Accordingly, there will be no hard copy documents issued to potential providers and all communications with NECS, including response submissions, will be conducted via the Atamis portal at: <https://health-family.force.com/s/Welcome>. It is free to register on the portal and it can be accessed at any time of day providing you have a working internet connection. Should providers have any queries, or are having problems registering on the portal; they should contact the Atamis helpdesk via:
