- UKJ13 - Buckinghamshire CC

Main site or place of performance

Buckinghamshire

### **II.2.4) Description of the procurement**

Buckinghamshire Council was seeking an experienced supplier to deliver its Planned Maintenance Service for Hardwire Electrical Testing Services.

This service includes the provision of the following elements:

- Statutory Compliance
- The Electrical Testing part of Planned Preventative Maintenance (PPM)
- Single Point of Contact and Emergency 24/7 Call Out Facility

The services will be delivered at the following property types: Corporate Estate, Maintained

and Non- BC Schools, External (non- BC) Clients, Agricultural Estate , County Parks Estate

The principal elements for the testing are all electrical circuits, distribution panels and mains

intakes within each contracted premises.

Reactive and minor works are NOT provided under this contract.

The Council requires a supplier that appreciates that the expectation and priorities of the service are unique to each type of property and thus will adopt an approach that is property specific.

Following the formal unification of 5 former councils (namely Buckinghamshire County Council, Aylesbury Vale District Council, Chiltern District Council, South Bucks District Council and Wycombe District Council) in April 2020, the Buckinghamshire Council has a large and diverse estate and ongoing changes will invariably occur to a number of properties during the contract term. The successful supplier will therefore be able to provide flexible and transparently delivered services, which will enable these changes to occur during the contract term.

Suppliers must be registered with the appropriate confederation or association related to the respective trades involved, eg: NICEIC or ECA. In addition suppliers must hold valid and

current certification with an SSIP member scheme or have an OHSAS 18001 certificate from

a UKAS accredited certification body and have been assessed for working with electrical services.

The contract start date is anticipated to be 1st October 2023. The initial term will be for three years with an option to extend for a further 24 months.

TUPE may apply to this contract.

#### **II.2.5) Award criteria**

Quality criterion - Name: Quality / Weighting: 60

Price - Weighting: 40

#### **II.2.11) Information about options**

Options: Yes

Description of options

An option to extend for a period, or consecutive periods, of up to 24 months, after the initial 3 year term.

#### **II.2.13) Information about European Union Funds**

The procurement is related to a project and/or programme financed by European Union funds: No

#### **II.2.14) Additional information**

The contract value in II.1.7 and V2.4 covers the initial 36 month contract term. The value is for a modelled scenario based on the Council's current list of properties and number of circuits per property.

---

## **Section IV. Procedure**

### **IV.1) Description**

#### **IV.1.1) Type of procedure**

Restricted procedure

#### **IV.1.8) Information about the Government Procurement Agreement (GPA)**

The procurement is covered by the Government Procurement Agreement: Yes
