II.1.4) Short description

National Highways is inviting organisations to apply to the Social Enterprise Dynamic Purchasing System (SEDPS) to provide Goods and/or Services to National Highways, our Supply Chain and other Government departments across England.

The SEDPS is available to organisations with primarily social objectives whose surpluses are principally reinvested for that purpose in the business or in the community, rather than being driven by the need to maximise profit for shareholders and owners. We have enabled this DPS to allow our supply chain and other government departments to procure the Goods and/or Services that these organisations offer. The use of the SEDPS is to further National Highways' commitment to social value, in support of National Highways Social Value Plan. A link to the plan can be found below.
