27 June 2025

Engagement process description

Responding to the UK 2 Pre-Market Engagement Notice. To respond to the UK2, interested parties should respond in the Nuclear Decommissioning Authority (NDA) tendering portal Atamis <https://atamis-2464.my.site.com/s/Welcome> To access Click on

View our Live Opportunities and search for C26004. And also provide answers to the questions below: 1. Please provide your name, contact details, and email address so that we can keep you advised of any changes in the proposed procurement schedule. 2. What features of the proposals, as described in Section 3 and 4 are of particular interest to you as a supplier and why? 3. Are there any features of this requirement that are of concern to you and why? How might these be addressed? 4. What information would you require for you to provide a robust bid? 5. What pricing model would you propose a pricing model? 6. Which one of the two delivery options would be preferable to you? 7. What are the indicative costs for the proposed material? 8. Key Performance Indicators (KPIs) will be one of the tools used to monitor key Service Level Agreement (SLA) areas. Please provide examples of KPI's that you have used on previous supply contracts with other organisations? 9. In similar contracts that you have operated as a supplier of Ion Exchange material, have you held and been responsible for supply to a Nuclear Licensed Site? 10. Please provide any additional information, new ideas or innovation which you feel might be of value or to highlight any additional items that you wish to be taken into consideration.

Submission

Publication date of tender notice (estimated)

1 December 2029
