Support for citizens of any gender, aged 16 and above, single or part of a couple and may or may not have dependent children. This service will be tenure neutral, citizens supported may be residing in a property that is privately rented, social housing or owner-occupied. Individual support needs will vary from low level support to higher level support needs.

All individuals supported will be resident in Denbighshire and identified as needing support to enable them to sustain or manage their accommodation independently to prevent homelessness. Support will not be time limited and will need to be flexible as it is recognised that people's support needs differ and change overtime.

Also, a key aspect for this project will be to deliver mediation services by trained mediators. This must be flexible within the remit of the wider project and ensure that transition between general support and mediation is seamless.

Support will be strengths-based, person-centred and outcomes-focussed.

Services will comply with Welsh Government Housing Support Grant Programme.

The tender specification for this service may vary from the description above.
