Section II: Object

II.1) Scope of the procurement

II.1.1) Title

22028 RECAP Dry Mixed Recyclate

Reference number

DN668417

II.1.2) Main CPV code

- 90000000 - Sewage, refuse, cleaning and environmental services

II.1.3) Type of contract

Services

II.1.4) Short description

Cambridge City Council, East Cambridgeshire District Council, Fenland District Council, Huntingdonshire District Council, Peterborough City Council, and South Cambridgeshire District Council (RECAP Partners) seek expressions of interest from suitably experienced organisations to secure a contractor to carry out the dry mixed recycling services for the RECAP Partners through this Competitive Dialogue tender procedure.

The RECAP Partners wish to establish contracts for the Bulking, Haulage and Processing of Dry Mixed Recycling (DMR) collected by the RECAP Partners.

The RECAP Partners, as part of an innovative and unique commitment through collaboration, adopt a joined up approach in managing their dry mixed recycling provision across the region. As part of this collaboration, they are undertaking this single joint procurement, which will result in a successful bidder being appointed for each Lot (or both), but each RECAP Partner will enter into a separate contract with the successful bidder, the same duplicate contract being used.

The contracts will last for five (5) years with the provision to extend for up to an additional five (5) years subject to requirements and satisfactory performance.

The contracts will be awarded in two separate lots as follows:

1. Lot 1: the transportation/receipt, sorting and onward sale/re-processing of commingled dry recyclable materials.
2. Lot 2: the bulking and storage of dry recyclable materials and loading materials for transportation.

If a bidder is successful in both Lots, the Councils will combine the Lots into a single

contract for each of them.

The contractor will need to demonstrate its ability to contribute to the RECAP Partner's vision effectively and sustainably, based upon a financially sound long-term operational model that is attractive and acceptable to the RECAP Partners.

The RECAP Partners collect and arrange for the processing and recycling of approximately 82,000 tonnes per annum collectively of dry mixed recyclables from household recycling collections. The DMR stream collected by each RECAP Partner includes paper, card, glass, plastic, metals and composite packaging materials. The contractor appointed will be required to work with the RECAP Partners to respond to any changes that result from the Environment Act 2021 coming into force. This may include receipt, processing and recycling of partially, or fully separated streams of DMR materials.

The scope of the service required in each Lot includes the provision of a reception point for the RECAP Partner vehicles to make deliveries of waste, treatment recycling and/or disposal of all dry mixed recycling material, transport of all dry mixed recycling waste and resulting fractions, processing and sorting and the marketing and management of all process outputs (e.g. products and residues) from the treatment process. The scope of each lot also includes managing the service, collecting and reporting service information, reducing carbon emissions associated with managing the RECAP Partner's waste, and providing social value.

Scope of Services

The successful bidder will be required to meet the following objectives whilst considering the carbon impact of the operations:

- Sort and separate Contract Materials at a Materials Recycling Facility in a manner that maximises quality, quantity and value;
- Maximise the value from the Contract Materials and secure arrangements for the onward processing and sale of Recyclable Materials for recycling.
- Treatment and disposal of all non-recyclable items whilst operating in compliance with the waste hierarchy, maximising diversion away from landfill.

II.1.5) Estimated total value

Value excluding VAT: £98,700,000

II.1.6) Information about lots

This contract is divided into lots: Yes

Tenders may be submitted for all lots

II.2) Description

II.2.1) Title

Lot No

1

II.2.2) Additional CPV code(s)

- 90000000 - Sewage, refuse, cleaning and environmental services

II.2.3) Place of performance

NUTS codes

- UKH - East of England

II.2.4) Description of the procurement

Lot 1:

Providing for the transportation of mixed dry recyclables from nominated transfer stations (Lot 1) as required, and facilities for storage, sorting, processing, sale and then onward transportation for recyclables. Efficient collection, transportation and reception of Contract Materials for sorting and onward sale. Weighing and reporting accurately recorded loads of contract materials arriving and departing.

Sorting of materials to preserve quality, quantity, and value of recyclate so that it can be ready for sale and onward reprocessing in accordance with the Payment Mechanism. Effective liaison with all stakeholders about the process and end destinations, quality, quantity, and value of sorted recyclate. Efficient bulking and transportation of sorted materials for reprocessing whilst minimising impacts such as carbon and cost.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6) Estimated value

Value excluding VAT: £84,800,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

60

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: Yes

Description of options

The initial term is 5 years with an option to extend by periods of 12 months up to a maximum of another 5 years

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

II.2) Description

II.2.1) Title

Lot No

2

II.2.2) Additional CPV code(s)

- 90000000 - Sewage, refuse, cleaning and environmental services

II.2.3) Place of performance

NUTS codes

- UKH - East of England

II.2.4) Description of the procurement

Lot 2:

To provide storage, loading and bulking facilities in advance of the transportation of dry mixed recyclables, from a list of acceptable Contract Materials. Participate in effective communication, scheduling and planning with the onward processing contractor/s (Lot 2). Weighing and reporting accurately recorded loads of contract materials, including assessing load quality meets the specification.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6) Estimated value

Value excluding VAT: £13,900,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

60

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: Yes

Description of options

The initial term is 5 years with an option to extend by periods of 12 months up to a maximum of another 5 years

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Competitive dialogue

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

IV.2) Administrative information

IV.2.2) Time limit for receipt of tenders or requests to participate

Date

14 September 2023

Local time

5:00pm

IV.2.4) Languages in which tenders or requests to participate may be submitted

English

Section VI. Complementary information

VI.1) Information about recurrence

This is a recurrent procurement: No

VI.4) Procedures for review

VI.4.1) Review body

High Court - Royal Court of Justice

The Strand

London
