- 90524200 - Clinical-waste disposal services

II.2.3) Place of performance

NUTS codes

- UKJ2 - Surrey, East and West Sussex

Main site or place of performance

West Sussex

II.2.4) Description of the procurement

West Sussex County Council and the District and Borough partners will soon be considering its options for a new collection and support service and treatment and disposal service for offensive and clinical waste (infectious bagged waste and sharps boxes) collected from households in West Sussex. A new service would be required from April 2025 and would most likely require a single service provider to provide these elements of the service for most of the Waste Collection Authorities. It would also require a delivery point/Transfer Station to be available within West Sussex.

As such we would be grateful to know of your level of interest in this service.

General

- We would expect the term of this service to last for a maximum of 6 years. Would this service be of interest?
- Do you have experience of arranging collections of specific offensive and clinical waste with householders from point of request to collection and onward disposal?
- What social value could your company bring to West Sussex?
- What innovations do you feel you could bring to this contract?
- Are you an SME?

Collection & Support Services

- Do you have experience of collecting this type of waste from households?
- Do you have experience of operating a call centre for all householders to book/arrange a collection?

Treatment and Disposal

- Do you have experience of operating a permitted delivery point/Transfer Station for this waste type in West Sussex?
- What treatment facilities do you have for these waste types local to West Sussex?

Social Value and Climate Change

- What type of social value do you believe it would be possible to deliver under this contract?
- What actions could be taken to reduce the carbon impact of this contract?

Please provide your response via email to Nana.Apawudza@westsussex.gov.uk by 5pm on 9th August 2024.

II.2.14) Additional information

For further information please go to WSCC e-portal <https://westsussex-esourcingportal.force.com> and refer to project "Clinical Waste Contract - RFI".

II.3) Estimated date of publication of contract notice

30 July 2024

Section IV. Procedure

IV.1) Description

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes
