Scope

Description

The Schools Water Strategy is an invest to save strategy aimed at reducing the risk of flooding in schools.

This procurement is to enable the expansion of the current Property Flood Resilience (PFR) installations with this school estate, which specifically target RPA members in high-risk areas and schools that have suffered repeated disruption. The DfE are looking to let 5 regional contracts that will deliver PFR measures in specific schools (selected by the DfE based upon flood risk) in that region.
