The procurement is covered by the Government Procurement Agreement: No

Section VI. Complementary information

VI.3) Additional information

Education Buying Group Ltd are inviting providers to participate in a formal Preliminary Market Consultation for a proposed national Framework Agreement for School Supplies.

The framework will cover a range of products and consumable items used every day in a school setting, including primary, secondary and specialist schools. (See the documents available on Delta for full list of products in scope).

Preliminary Market Consultation (PMC) is a “pre-procurement” process that enables contracting authorities that are subject to the Public Contract Regulations 2015 to seek responses from the market in transparent, fair and equitable manner.

The purpose of this PIN notice & the PMC is to alert the market of the intention of Education Buying Group to run a procurement activity to establish a framework agreement.

Secondly, we aim to seek feedback from potential suppliers on the design of the framework, including scope, approach to lotting, technology requirements and framework operation and other specifics of managing the agreement once live.

This process is not a procurement process, although it may form part of a procurement.

The documents available on Delta set out the draft proposal in more detail.
