II.2.4) Description of the procurement

The technical solution sought from this procurement will be the safe, compliant to applicable laws and other relevant regulations, decommissioning, removal and disposal of elements of the Royal Sovereign Lighthouse currently deemed to be structurally at risk. We consider these to be the upper platform (topsides) and the tubular column. The sub-sea base is to remain on the seabed for the foreseeable future. There will likely be, a 2 to 3 year performance window to complete the works.

The Scope of Procurement is to appoint an experienced, cost-effective contractor to deliver the technical solution, including provision of all required resources and the disposal of all generated waste in compliance with relevant laws and regulations.

Full detail of the requirements and performance criteria will be released with the Invitation to Tender (ITT) which will be in the form of a restricted tender process. Tendering organisations must pre-qualify and reach the shortlist requirements to view the ITT.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents
