Scope

Reference

PR-3294

Description

The framework agreement will enable Participating Authorities access to the supply of Beds, pressure area care (PAC) equipment and services in addition to safe patient moving and handling equipment and services. The framework will provide a comprehensive range of products for use within the acute care, long term care/nursing homes and home care/community, accessed either by a rental model, rent to buy or capital purchase. Further to the aforementioned products, the Services within the scope of this procurement exercise cover decontamination, repair, maintenance, planned preventative maintenance and managed equipment service and other services related to the project.
