## Section II: Object

### II.1) Scope of the procurement

#### II.1.1) Title

Scaling the national health Research Volunteer Registry

Reference number

C139325

#### II.1.2) Main CPV code

- 73200000 - Research and development consultancy services

#### II.1.3) Type of contract

Services

#### II.1.4) Short description

We will commission a supplier to develop a comprehensive framework to connect medical charity research registries with the national volunteer registry (Be Part of Research). The framework will include:

- The operational and IT feasibility including technical architecture required
- economic and financial considerations
- the governance, legal and regulatory considerations
- the roadmap for interconnectivity
- the technical mechanism to deploy a white-label offering for charities without registries
- a proof of concept demonstration including an alpha build

---

## Section VI. Complementary information

### VI.6) Original notice reference

Notice number: [2023/S 000-023628](#)

---

## Section VII. Changes

### VII.1.2) Text to be corrected in the original notice

Section number

II.1.4.1

Instead of

Text

We will commission a supplier to develop, pilot and evaluate the effects of initiatives in routine care pathways, for example during GP visits , to increase the awareness of the national registry, encourage discussions about research and increase sign-up to the national research volunteer registry to make research a part of the overall healthcare journey. Outputs will include logic models for the theory of change, impact and process evaluation, , governance considerations and recommendations for scale up.
