Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Scaling the national health Research Volunteer Registry

Reference number

C139325

II.1.2) Main CPV code

• 73200000 - Research and development consultancy services

II.1.3) Type of contract

Services

II.1.4) Short description

We will commission a supplier to develop a comprehensive framework to connect medical charity research registries with the national volunteer registry (Be Part of Research). The framework will include:

- The operational and IT feasibility including technical architecture required
- · economic and financial considerations
- the governance, legal and regulatory considerations
- the roadmap for interconnectivity
- the technical mechanism to deploy a white-label offering for charities without registries
- · a proof of concept demonstration including an alpha build

Notice number: 2023/S 000-023628

Section VII. Changes

VII.1.2) Text to be corrected in the original notice

Section number

II.1.4.1

Instead of

Text

We will commission a supplier to develop, pilot and evaluate the effects of initiatives in routine care pathways, for example during GP visits, to increase the awareness of the national registry, encourage discussions about research and increase sign-up to the national research volunteer registry to make research a part of the overall healthcare journey. Outputs will include logic models for the theory of change, impact and process evaluation, , governance considerations and recommendations for scale up.
