II.1.4) Short description

Crown Commercial Service (CCS) as the Contracting Authority intends to put in place ProCure23 (P23) (Lots 1, 2 and 3) which will be the fourth generation of the ProCure framework and will continue the provision of design and construction services to NHS capital projects other than in respect of the New Hospital Programme (see below). Please note this is available only to NHS bodies in England.

In its 19 year history this mature and award winning framework has successfully delivered more than 1200 projects across England, with a cumulative spend of £9.7bn, and ProCure23 will build this heritage into a third decade.

Crown Commercial Service (CCS) as the Contracting Authority intends to put in place a Pan Government Collaborative Agreement (for Lot 4 and Lot 5 only) for the provision of Construction Works to be utilised by eligible Central Government Departments and all other UK Public Sector Bodies, including Local Authorities, Health, Police, Fire and Rescue, Education and Devolved Administrations. It is intended that this commercial agreement will be the recommended vehicle for all Construction Works projects required by UK Central Government Departments.

VI.3) Additional information

As part of this contract notice the following documents can be accessed at:

<https://www.contractsfinder.service.gov.uk/Notice/6b200384-4120-4ef8-9921-1f77d945ac86>

- 1) Contract notice transparency information for the agreement;
- 2) Contract notice authorised customer list for Lots 1, 2 and 3;
- 3) Contract notice authorised customer list for Lots 4 and 5;
- 4) Rights reserved for the CCS framework.

The duration of the RM6267 Framework Alliance Contract is 56 months because it must be coterminous with RM6088 Construction Works and Associated Services Framework Alliance Contract.

On 2.4.2014 the Government introduced its Government Security Classifications (GSC) scheme which replaced the Government Protective Marking Scheme (GPMS). A key aspect is the reduction in the number of security classifications used. All bidders should make themselves aware of the changes as it may impact this requirement. This link provides information on the GSC at:

<https://www.gov.uk/government/publications/government-security-classifications>

Cyber Essentials is a mandatory requirement for Central Government contracts which involve handling personal information or provide certain ICT products/services. Government is taking steps to reduce the levels of cyber security risk in its supply chain through the Cyber Essentials scheme. The scheme defines a set of controls which, when implemented, will provide organisations with basic protection from the most prevalent forms of threat coming from the internet. To participate in this procurement, bidders must be able to demonstrate they comply with the technical requirements prescribed by Cyber Essentials, for services under and in connection with this procurement.

Refer to <https://www.ncsc.gov.uk/information/cyber-essentials-faqs> for more information.

Some purchases under this Framework Alliance Contract (FAC) may have requirements

that can be met under this FAC but the purchase of which may be exempt from the Procurement Regulations (as defined in Attachment 1 – About the CCS CWAS 2 - P23 Framework Alliance Contract within the invitation to tender documentation). In such cases, Call-offs from this Framework will be unregulated purchases for the purposes of the Procurement Regulations, and the buyers may, at their discretion, modify the terms of the Framework and any Call-off Contracts to reflect that buyer's specific needs.

CCS reserves the right to award a framework to any bidder whose final score is within 1% of the last position of the number of Supplier Alliance Members within that Lot.

CCS intends to host a webinar following the launch of the procurement. This will take place the week commencing 4th October 2021. If you are interested in attending the webinar session please express your interest by emailing CWAS2-P23@crowncommercial.gov.uk and further details will be provided to you via the eSourcing tool. Your email must clearly state the name of your organisation and contact details for the individual(s) who will attend the webinar. Registration details will be provided via the messaging facility within that tool (please see Registering for access below) or alternatively, if you are late in registering in the eSourcing tool, we will send you the link details to the email address provided when registering interest.

Registering for access:

This procurement will be managed electronically via the eSourcing tool. This will be the route for sharing all information and communicating with bidders. If you have recently registered on the eSourcing tool for another CCS procurement you can use the same account for this new procurement. If not, you will first need to register your organisation on the portal.

Use the following link for information on how to register and use the eSourcing tool:
