Explanation:

This is a voluntary ex ante transparency notice (VEAT). This notice is to indicate that the Heriot-Watt University intends to contract with CampusLife Limited for the purchase of a Student Communication Portal-Browser.

A scoping exercise was conducted by our Campus Services department with findings drawn that CampusLife`s Student Communication Platform - Browser (which incorporates Browser and Student Welcome) was first launched in 2012, and provides a unique tool for universities to both welcome their students to their institution (and/or accommodation), and continue that communication with them throughout their student journey via an integrated series of welcome content, ongoing comms platform, integration with social media tools, and insight-led reporting providing useful compliance data to ensure students have read and understood the information they have been provided with.

CampusLife Limited are the only company to offer such a holistic solution that brings together a welcome platform for students, an ongoing comms platform via Browser with social media management capabilities, and content creation and management in one service.
