Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Major Projects Framework 2

II.1.2) Main CPV code

• 45000000 - Construction work

II.1.3) Type of contract

Works

II.1.4) Short description

Procurement Hub wishes to establish a framework agreement for a 4-year duration with an option to extend for a further 2 years.

Contractors are invited to apply for one of three lots for construction works and services as defined by the NUTS and CPV.

As a condition of the Framework Agreement, the successful Tenderer for each Lot will be required to tender a minimum of 70% of the value of each construction project awarded under the Framework to sub-contractors via Procurement Hub's compliant solutions or alternative tender platforms. This will enable local supply chains and SMEs to bid for the vast majority of the Framework value. Current DPS solutions can be accessed via https://www.procurementhub.co.uk/opportunities

This framework is available for use by public sector bodies (and their statutory successors) cited by name in Schedule 1 to the Public Contracts Regulations 2015 and additionally listed online at http://www.procurementhub.co.uk/eligibility-criteria/

II.1.5) Estimated total value

Value excluding VAT: £4,200,000,000

II.1.6) Information about lots

This contract is divided into lots: Yes

Tenders may be submitted for one lot only

Maximum number of lots that may be awarded to one tenderer: 1

Main site or place of performance

SCOTLAND, Highlands and Islands, North Eastern Scotland, Southern Scotland, Eastern Scotland, West Central Scotland

II.2.4) Description of the procurement

Experienced suppliers are invited to apply for construction works and services in Scotland. Applications are welcome from consortia, joint ventures etc. Such parties must form a single legal entity to contract with prior to contract award.

The works and services will comprise all types of Construction works and services, including design and other services as required to design, develop and construct the works. The specific works and services that may be procured under the framework cannot be clearly defined at this stage, however the nature and types of works that may be required may include those services identified by CPV code on or in connection with any land or property and related asset owned, rented, leased or developed by any of the public sector bodies eligible to use the framework, or on property or related assets in which any of the public sector bodies may have an interest at the time or prospectively and may include projects in the following sectors amongst others: housing, education, emergency services, health, offices, transport, military, industrial and commercial buildings and other public sector operational buildings and establishments.

The works to principally be conducted under Major Projects Framework 2 will include all major project construction on new and existing buildings as well as retrofit, refurbishment, repairs and maintenance. It will also include the professional services attached to major project works such as architecture, employer's agent and the various RIBA disciplines.

Whilst scope cannot be clearly defined at this stage, this justifies the approach of asking suppliers to bid on an industry tested pricing model that covers value banded fee model, pre-construction and construction costs and regional pricing variations that can be applied to all construction schemes

The works and services will comprise all types of building construction works and associated civil, mechanical, electrical and services works and may include design and other services as required for a develop and constructor design and build works. The provider will be expected to work closely, and co-operate with local government and other contracting authorities, in-house and external design consultants such as architects and employers agents, contractors and other partner providers. All contract performance will be monitored using a set of comprehensive performance indicators provided within the contract documentation.

As well as the minimum commitment to subcontract at least 70% of works to local supply chains and SMEs, framework partners will be required to undertake Modern Slavery awareness training for every project, demonstrate their financial stability, provide a commitment to social value and help support Members to achieve their NET zero targets.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6) Estimated value

Value excluding VAT: £900,000,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

72

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: Yes

Description of options

The Contracting Authority has an option to extend the duration of the framework agreement by a further period of 24 months in accordance with the terms set out in the framework agreement.

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Date
1 November 2021
Local time
12:00pm
IV.2.4) Languages in which tenders or requests to participate may be submitted
English
IV.2.6) Minimum time frame during which the tenderer must maintain the tender
Duration in months: 6 (from the date stated for receipt of tender)
IV.2.7) Conditions for opening of tenders
Date
8 November 2021
Local time
12:00pm

Section VI. Complementary information

VI.1) Information about recurrence

This is a recurrent procurement: No

VI.3) Additional information

Under the Public Services (Social Value) Act 2012 the contracting authority must consider:

- (a) How what is proposed to be procured might improve the economic, social and environmental well-being of the area where it exercises its functions; and
- (b) How, in conducting the process of procurement, it might act with a view to securing that improvement.

Accordingly, the subject matter of the framework agreement has been scoped to take into account the priorities of the contracting authority relating to economic, social and environmental well-being. These priorities are described in the procurement documents.
