National or federal Agency/Office

I.5) Main activity

General public services

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Design & Build Solution for 2 Satellite Tower replacements

Reference number

DN613615

II.1.2) Main CPV code

• 45200000 - Works for complete or part construction and civil engineering work

II.1.3) Type of contract

Works

II.1.4) Short description

The Met Office own and operate two satellite data reception systems at the Met Office HQ in Exeter. A project is underway to upgrade these systems in readiness for the launch of a new generation of polar orbiting satellites. The systems comprise of an antenna attached to a pedestal.

Each system is attached to a plate, located at the top of a metal lattice tower. Access to the equipment is currently via a vertical ladder. Consequently, only trained climbers can access the towers to maintain or repair the equipment.

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.3) Place of performance

NUTS codes

• UK - United Kingdom

II.2.4) Description of the procurement

The Met Office own and operate two satellite data reception systems at the Met Office HQ

in Exeter. A project is underway to upgrade these systems in readiness for the launch of a new generation of polar orbiting satellites. The systems comprise of an antenna attached to a pedestal.

Each system is attached to a plate, located at the top of a metal lattice tower. Access to the equipment is currently via a vertical ladder. Consequently, only trained climbers can access the towers to maintain or repair the equipment.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

End date

30 November 2023

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: No
