**Section II: Object**

**II.1) Scope of the procurement**

**II.1.1) Title**

Reconnect - Early Help and Prevention

Reference number

DN685113

**II.1.2) Main CPV code**

- 92620000 - Sport-related services

### **II.1.3) Type of contract**

Services

### **II.1.4) Short description**

Essex County Council (ECC) is seeking to commission place-based, therapeutic interventions that support and encourage adults living with learning needs and/or disabilities, as well as those living with long term health conditions, to be physically active within their local area.

Based on the learnings and insight from the Prevention and Enablement Model (PEM) pilot. The PEM Evaluation Report (which can be found here: [https://www.activeessex.org/wp-content/uploads/2023/01/PEM-Evaluation-Report\\_FINAL.pdf](https://www.activeessex.org/wp-content/uploads/2023/01/PEM-Evaluation-Report_FINAL.pdf)) identified the need to scale the intervention across the 5 health alliance areas within Essex. The model(s) will focus on early help and prevention principles by offering bespoke support to identified adults, led jointly by an allied health professional and inclusive activity provider(s).

We would look to commission a provider and/or consortium of providers to establish the model(s) within community leisure settings. The model(s) would include an allied health professional identifying the adults need or goals to help inform the most appropriate holistic intervention. The model requires co-designing interventions with the adults it aims to support, to ensure any activities are fully inclusive, accessible and give the opportunity of choice.

Overall, the intention is for the model(s) to support adults' wellbeing and to support the building of confidence and connection to their community via physical activity opportunities.

### **II.1.5) Estimated total value**

Value excluding VAT: £2,250,000

### **II.1.6) Information about lots**
