Section II: Object

II.1) Scope of the procurement

II.1.1) Title

4 year Framework Agreement for the provision of Quantity Surveying services for new build housing

II.1.2) Main CPV code

- 71324000 - Quantity surveying services

II.1.3) Type of contract

Services

II.1.4) Short description

Link is seeking to enter into a four-year Framework Agreement with a maximum of eight suitably qualified Quantity Surveying Practices for the provision of Quantity Surveying, Employer's Agent & Client Representative services.

Successful Practices should be RICS registered (or their equivalent organisations within the country the Applicant is registered).

Link works in partnership with a number of subsidiary companies who will also be entitled to purchase services from the Framework Agreement. The subsidiaries of Link Group Ltd currently include, Link Housing Association Ltd, Link Living, Horizon Housing Association Ltd, Larkfield Housing Association Ltd and West Highland Housing Association Ltd.

Although it is possible that other organisations may join the Group, becoming subsidiary companies, during the term of the Framework Agreement, and may also wish to "call off" from the Framework.

Link also works in partnership with several external organisations, refer to Section 1.1 of the Contract Notice for further details, who will also be entitled to purchase services from the Framework Agreement. In addition, it is intended that any Registered Social Landlord registered and operating in Scotland will also be entitled to purchase services from the Framework subject to Link's prior agreement.

There is no guarantee of any work. It is however, more than likely that individual commissions will be "called off" either by direct selection or by mini tendering, within the terms of the Framework Agreement, to identify the most economically advantageous tender.

The Framework will mainly cover the provision of Quantity Surveying, Employer's Agent and Client Representative services for new build housing, rehabilitation of existing properties, extensions, office and commercial property and adaptations. The Framework may also include a limited number of planned maintenance projects.

The projects will range in size, tenure and type from mainstream housing to a variety of particular needs projects. The tenure type will cover all affordable tenures, private rented and market sale. Applicants should have experience of projects within the social housing sector for projects between 5 and 500 units including flats, houses and retirement living projects with a mix of tenures.

The location of projects will vary but in the main will be located in the Central Belt of Scotland, Argyll & Bute and Highland, however individual projects may be located in any part of Scotland. The total number of units in each of the geographical areas may vary and specific numbers cannot be guaranteed in any area or in total.

Although individual projects cannot be guaranteed, Link will expect the successful Quantity Surveying Practices to deliver a high quality and value for money service.

Section VI. Complementary information

VI.6) Original notice reference

Notice number: [2021/S 000-022626](#)

Section VII. Changes

VII.1) Information to be changed or added

VII.2) Other additional information

Clarification on completion and submission of the SPD

The Contracting Authority would advise that responses to Parts C and D of the SPD may be submitted on Word or PDF format as referenced Appendices. Please refer to the guidance provided within the SPD (Scotland) Standardised Statements Document and Section 2 'Background Information' of the SPD Instructions & Guidance Document. Please also ensure that any appendices included are clearly referenced.

In addition, any photographs of developments included within a bidder's response will be excluded from the page limit allowed for the response.
