Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Scheduled heavy maintenance of GWR's Fleet of 45 x Class 387 Electric Multiple units.

II.1.2) Main CPV code

- 50200000 - Repair, maintenance and associated services related to aircraft, railways, roads and marine equipment

II.1.3) Type of contract

Services

II.1.4) Short description

The current heavy maintenance requirements are a combination of mileage and time based events and it is proposed to align these into a weeklong single event for each unit. It should be assumed that one unit will be out of service at any one time for this programme.

This project shall be carried out as a turnkey solution, with the scope of work including; engineering design/approvals, project management, parts supply (limited scope of consumables only), overhaul and installation activities, logistics and approvals.

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 51100000 - Installation services of electrical and mechanical equipment

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

Main site or place of performance

The heavy maintenance works will be carried out off-site at the Supplier's location. The Supplier will be responsible for vehicle movements between Reading Tran Care Depot and the Supplier's works facility.

II.2.4) Description of the procurement

First Greater Western Limited are seeking expressions of interest for the scheduled heavy maintenance of its Fleet of 45 x Class 387 Electric Multiple units.

The current heavy maintenance requirements are a combination of mileage and time based events and it is proposed to align these into a weeklong single event for each unit. It should be assumed that one unit will be out of service at any one time for this programme.

A summary of the heavy maintenance jobs can be found via the link provided in this notice.

This project shall be carried out as a turnkey solution, with the scope of work including; engineering design/approvals, project management, parts supply (limited scope of consumables only), overhaul and installation activities, logistics and approvals.

The heavy maintenance works will be carried out off-site at the Supplier's location. The Supplier will be responsible for vehicle movements between Reading Tran Care Depot and the Supplier's works facility. The Supplier must have a stringent in-house quality control system and a thorough competence management system.

It is anticipated that the heavy maintenance programme will start May 2023, with a completion date of no later than July 2024.
