Immersive, Simulation and Related Technologies Dynamic Purchasing System

Reference number

C187117

II.1.2) Main CPV code

- 80000000 - Education and training services

II.1.3) Type of contract

Services

II.1.4) Short description

NHS England Technology Enhanced Learning Team 's National Strategic Vision for Simulation and Immersive Technologies in health and care explores how high-quality simulation-based programmes can be applied to help address system-wide challenges being faced within the health and care sector. Immersive and simulation technologies are revolutionizing health and care education, growing in popularity across all sectors and disciplines, and offering different ways of supporting and engaging with learners. The NHS Long Term Workforce Plan describes the need to expand training, improve retention and reform education delivery, including through expanding the use of simulation and improving the adoption of immersive technologies.

NHS LPP on behalf of NHSE are leading on the procurement to implement a new Dynamic purchasing System (DPS) as a compliant route to market for buyers and commissioners. The vision is to develop a new national agreement for simulation, extended reality (XR) and other related technology providers focusing on education and training services.

NHS LPP on behalf of NHSE are leading on the procurement to implement a new Dynamic purchasing System (DPS) as a compliant route to market for buyers and commissioners. The vision is to develop a new national agreement for XR providers focusing on education and training services.

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

The London Procurement Partnership is advertising for suppliers for a Immersive, Simulation and Related Technologies Dynamic Purchasing System.

The aim of this dynamic purchasing system is to provide a national NHS approved procurement channel for health and care and education providers (and all public sector bodies) with a route to accessing best in class XR, immersive learning and related technologies; smoothing the way to accelerating and scaling their adoption, driving maximum benefit and solving workforce challenges.

The initial category sub-category covered under this DPS are:

Sub-category 1.1 – Part task, skills or procedural training technologies

Sub-Category 1.2 – Immersive learning hardware

Sub-Category 1.3 – Software and applications

Sub-Category 1.4 – Content development

Sub-Category 1.5 – Public, patient and service user education

Sub-Category 1.6 – Research, innovation and evaluation

Sub-Category 1.7 – Professional services and technical support

Sub-Category 1.8 – Support equipment and tools for cleaning and maintenance

Potential bidders should register their Organisations on the Health Family Single eCommercial System <https://health-family.force.com/s/Welcome>

And register their interest on project ID ref; C187117

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

48

This contract is subject to renewal

Yes

Description of renewals

The authority reserves the right to extend in 12-month increments

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No
